

Practice the conversation before it happens.

Conversation Mastery

HOW IT WORKS · WHY IT IS DIFFERENT

Your teams practice real conversations with AI and receive personalized feedback. Customized to your standards, in more than 40 languages.

HOW IT WORKS

CYCLES OF 10 TO 15 MINUTES

- 1

CHOOSE YOUR SCENARIO

Built around your real cases, processes, and documents.
- 2

PRACTICE THE CONVERSATION

Speak naturally with a lifelike virtual character reflecting your real interlocutors' gender, culture, and personality.
- 3

GET ACTIONABLE FEEDBACK

Improve your performance through personalized feedback and practical guidance tailored to your goals.
- 4

REPEAT AND SCALE

Harder levels, other languages, progress by person and team.

ONE SCENARIO, MULTIPLE SETTINGS

MULTIMODAL BY DESIGN

- 

SMARTPHONES

Anywhere, between shifts.
- 

DESKTOP & LAPTOP

In the browser.
- 

INTERACTIVE TOTEMS

Life-size, in lobbies.
- 

PROJECTED WALLS

For the whole group.
- 

IMMERSIVE ROOMS

No headsets needed.
- 

HOLOGRAPHIC CYLINDERS

Life-size, at events.

The same character, scenario, and rubric, from a phone to a holographic cylinder. VR and MR headsets on request.

WHY IT IS DIFFERENT
