e-REAL by LOGOSNET

CONVERSATION MASTERY

Business Language Lab

Get your staff ready to work in English.

More than a language course: realistic workplace conversations tailored to your team's roles and challenges, practised with virtual characters.

Practice

Realistic conversations, whenever and wherever you like.

Feedback

Right away: what worked and what to improve.

Progress

Measured over time, for every skill.

- For people working in a foreign language
- Skills and language, together
- On computer, tablet and smartphone
- English and over 40 languages

+60%

fluency in English compared with a traditional course
